Come celebrate May Day, International Workers' Day, Saturday, May 2<sup>nd</sup> from noon until 5:00 pm on the New Haven Green.

Raindate: Sunday May 3<sup>rd</sup>.

This is the 29th consecutive year of May Day on the Green. May Day is a multi-cultural festival featuring live music, poetry, dance, children's activities, speak-out time, a May Pole Dance, free vegetarian food and displays and information tables from local labor, peace, social service and social justice groups. May Day is a participatory event that is free and everyone is invited.

At a time when labor unions are being harassed around the country, we celebrate labor unions as being a workers best hope. At a time when immigrants are still struggling for their rights, we celebrate our immigrant heritage and culture.

Our featured performers on the New Haven Green include "Coalition Hip Hop", "N-Finity Muzik" and "The Foresters".
